

SANITIZING DETERGENT FOR GLASS AND PLASTIC - GLASS CLEANER

GLASS CLEANER is a ready-to-use sanitizing detergent for cleaning glass, plastic and steel. It is an exceptionally powerful de-greaser and creates an anti-static film that repels dust without leaving any streaks.

INTENDED USES

Glass, plastic, mirrors, steel.

USE

- Apply GLASS CLEANER directly to the desired surface.
 - Wipe with a paper towel or a microfiber cloth. No need to rinse.
-

Indoor use

Ready to use

Application
with a cloth

Mechanical removal
of germs and bacteria
